I Offer All Stomach Sufferers a Full Dollar's Worth of My Remedy Free to Try

I can afford to offer a full dollar's worth because mine is no ordinary remedy. Ordinary remedies treat symptoms. My remedy treats the cause that produces the symptoms. Symptom treatment must be kept up forever as long as the cause is there. My treatment must be stopped as soon as it has removed the cause, for that is always the end of trouble.

Stomach trouble is not really a sickness, but a symptom. It is a symptom that a certain set of nerves is acting. Not the voluntary nerves that enable you to walk and talk and act—but the automatic stomach nerves over which you have no control.

I have not room here to explain how these nerves are controlled and regulate the stomach. How worry breaks them down and causes indigestion. How worry breaks them out and causes dropsy. How worry may lead to kidney, heart and other troubles through indigestion. I have not room to explain how these nerves may be reached and strengthened and regulated and made to work as a remedy. I spent thirty years in perfecting how known by druggists everywhere as Dr. Shoop's Restorative. I have not room to explain how the remedy is removed from the cause, pain, indigestion, nervousness, dropsy. All of these things are fully explained in the book. I will send you a full dollar's worth in the book. I will send you a full dollar's worth in the book.

In a book that a million homes are ready to buy, I have explained how to reach the nerves that regulate the stomach. I have explained how to reach the nerves that regulate the stomach. I have explained how to reach the nerves that regulate the stomach.

For a free order for Dr. Shoop's Restorative, a full dollar's worth of my remedy, send me your name and address to Dr. Shoop's Restorative, P. O. Box 400, St. Louis, Mo. I will send you a full dollar's worth of my remedy. I will send you a full dollar's worth of my remedy.

ASSISTS MAN WHO FELL THEN PICKS HIS POCKETS.

Ice-Covered Alley Gives a Thief an Opportunity, Which Is Not Neglected.

The ice-covered alley between Eleventh and Twelfth streets, Oldfield street and Cass avenue, yesterday morning gave a knapsack a chance to rob John Schiefel.

John Schiefel, 25, 104 North Twelfth street, was walking through the alley when he was stopped by a man who had been waiting for him. The man took his knapsack and fled. Schiefel followed him and caught him. He took the knapsack and returned it to Schiefel.

## HURRYING UP BILL ON APPROPRIATIONS

Cairman Pettigrew Issues Call to State Institutions for Their Requisitions.

## CHICKEN-STRAYING MEASURE.

Hays Will Bring Up Old Friend in the House—Legislators to Get Their First Pay Checks To-Day.

## REPUBLIC SPECIAL.

Jefferson City, Jan. 15.—Representative Pettigrew, chairman of the Committee on Appropriations, has instructed his secretary to notify all of the State institutions to report their requisitions without delay.

Work on the appropriations will be pushed by the committee and the bill will be introduced in the House with the least possible delay. The bill will be introduced in the House with the least possible delay.

As much as the members of the Assembly and the clerical force will not be paid a cent by the State Treasury until an appropriation is made, they all doubtless expect Pettigrew's fair sailing with the bill.

There will be no time for the usual visits by a committee to institutions which want big appropriations.

## HAYS'S CHICKEN BILL.

Hays of Putnam will introduce his chicken bill again this year. It is to restrain chickens from running and meddling with the crops of farmers.

Hays introduced this bill at the last session and it passed the House, but when it came to the Senate it was defeated.

That statement killed it, but Mr. Hays will father it a little more closely this year.

## EACHER ASSESSMENTS.

Representative Moore of Andrew County will introduce a bill in the House tomorrow providing for assessments to be made March 1, instead of June 1.

The object of the law is to make collections on the current year's assessments, instead of on the following year, as is now the law.

## JACKSON COUNTY COURTS.

Representative Dryden of Jackson County will introduce a bill Tuesday for an additional division of the Circuit Court of Jackson County, the division to go to Independence.

Of the five divisions now in the county, Independence only gets the half of one, which is very unsatisfactory to the town.

The lawyers there are pushing the measure, and hope to see it become a law.

## FIRST PAY COMES TO-DAY.

The members of the Assembly and of the clerical force will receive their first pay checks to-day.

They will not be paid by the State Treasury, but the local banks will cash the checks, at a discount of 2 per cent.

## RUSSIAN GENERAL ESCAPES ASSASSIN

Moscow Student Fires Three Shots at Trepoff, Who Suppressed Demonstrations.

In PRESENCE OF DUKE SERGIUS

Trepoff Was Bidding Governor General Good By When Attack Occurred—Fourth Attempt on His Life.

Moscow, Jan. 15.—At the Nicholas Station tonight a young man of the name of Trepoff was bidding farewell to Duke Sergius on his departure for St. Petersburg.

A young man wearing a student's cap fired three shots from a revolver at the General. All the shots missed General Trepoff.

Grand Duke Sergius proceeded on his journey.

General Trepoff, who recently was relieved of the office of chief of Police of Moscow and ordered to the front to take up his duties as head of the Red Cross Society in Manchuria, incurred the special enmity of the students of Moscow by the severe measures which he had taken to suppress demonstrations of December 9 and 10.

Within one week in 1902 there were three attempts upon his life. The first of these, on March 31, was by a woman named Alart, a governess, who placed the body of a pistol against General Trepoff's breast and fired the trigger, the weapon, however, failing to discharge.

Four days later a man, armed with a dagger, tried to force his way to the presence of General Trepoff with the avowed purpose of killing him. The would-be assassin was overpowered and arrested. Within two days after this incident, while Trepoff was riding in his carriage, a young man, supposed to be a Russian student, sprang upon the step of the vehicle and tried to stab him, but only succeeded in slightly wounding a policeman.

After the anti-revolutionary demonstrations in Moscow last month, it was said that the monarchist revolutionary party had passed sentence of death upon both General Trepoff, chief of Police, and Grand Duke Sergius, Governor General of Moscow.

TALTY IS INDORSED FOR MAYOR.

George Washington Republican Club Elects Officers.

The George Washington Republican Club at its meeting last evening in National Hall, Nos. 504-502 Franklin avenue, elected the following officers: David Langh, president; Samuel Hoffman, vice president; Shull Coleman and E. ## JAPAN'S COMMERCE SHOWS STEADY AND RAPID INCREASE

American Minister at Tokio Reports Growth of \$6,424,159 in Exports and \$10,080,597 in Imports During Closing Year—Trade With United States Almost Double That of Preceding Twelve Months—War Loans Floated Easily, While Taxes Are Reduced?

## GREAT STRIDES MADE IN BUILDING THE MERCHANT MARINE.

Washington, Jan. 15.—The State Department has received an interesting report from Mr. Grison, the American Minister at Tokio, dealing with the present economic conditions in Japan, and her trade relations with the United States.

Mr. Grison, in several statistical tables, compiled from official sources, estimates the trade of Japan for the present year with the United States.

The present year shows an increase in exports of \$6,424,159 and an increase in imports of \$10,080,597. During the same period the increase of exports in specie and bullion amounted to \$4,938,350, and the increase in imports to \$2,842,247.

During the period in review exports to the United States were valued at \$23,584,622, and imports therefrom at \$39,719,686, showing, as compared with the same period of 1902, an increase in exports of \$3,093,377, and an increase in imports of \$2,563,525.

Raw silk was the principal item of export, showing a marked increase. There was a reduced export of tea and coal. Kerosene oil, leather, rails, flour and sugar were imported from the United States in larger quantities than during the same period last year, while raw cotton imports declined.

WAR LOANS.

Mr. Grison describes the readiness with which the Japanese Government's domestic loans have been floated. With proceeds of the foreign loan of \$6,000,000, for which the customs receipts were pledged as security by the Government, the latter repaid the money borrowed from the Bank of Japan, by which the amount of specie reserve held by the Central Bank was augmented and the expansion of convertible bank notes was checked.

The total amount of the national debt of Japan at the end of September stood at about \$440,000,000, making a debt per capita of about \$8.50.

War taxes have been increased on land, income, business transactions, sugar, mines, sales, houses, customs, consumption of alcohol, tobacco, consumption of kerosene and stamps, while a new source of considerable revenue is found in the tobacco monopoly. This item and the anticipated net income to be derived from that source for the year ending March 31, 1905, are estimated at \$55,000,000.

The Government owns railroads, telegraphs, which are valued by the Minister of Finance at about \$60,000,000, and are estimated to bring a net income of \$47,000,000 for the coming year. This item and the tobacco monopoly are assets upon which, it is generally supposed, further foreign loans will be raised.

RESERVE FUND.

At the beginning of the war the specie reserve in the Bank of Japan fell quickly from \$3,485,000 in December to \$2,042,500 in May, when the first foreign loan was made. The reserve for the year 1904 was \$2,042,500.

Owing to the abandonment of the local public works and improvements, there has been a falling in taxes officially estimated in round numbers at \$1,000,000.

The Japanese Department of Finance estimates that at the end of October, 1904, Japanese bank notes of the value of \$28,250,000 were circulating in Manchuria and Korea.

During the entire year 1904 postal savings deposits in Japan increased \$1,444,577, while during the first nine months of 1905 they increased \$1,588,725.

Raw silk was the principal item of export, showing a marked increase. There was a reduced export of tea and coal. Kerosene oil, leather, rails, flour and sugar were imported from the United States in larger quantities than during the same period last year, while raw cotton imports declined.

Missouri Congressmen Believe Return to Gallatin Means He Will Run for Congress.

## DOUGHERTY WOULD OPPOSE.

Latter's Friends Claim He Was Defeated for Last Nomination by Trickery and Is Sure to Seek Vindication.

Washington, Jan. 15.—Missouri Congressmen are speculating eagerly on the possibility that Governor Dockery will make the race for Congress from his old district. The news from Missouri that he would return to Gallatin to take up his residence there is generally regarded as indicating his determination to attempt to return to Congress as a sort of a side-step to the bigger fight of four years hence for the Senate.

Should Dockery again run for the nomination in that office, he will have the support of many of his old friends. **PRESIDENT LOUBET'S MOTHER DEAD.**

Mother of Chief Executive of France Was 92 Years Old—Contributed to Her Prestige.

Paris, Jan. 15.—Mrs. Loubet, mother of the President, died at Marianne at 3 o'clock this afternoon from congestion of the lungs, aged 92 years. The President's son Paul and other members of the family were at her bedside when she expired. President Loubet had expected to leave this evening for Marianne, but the announcement of the death of his mother came before he was able to depart. Mrs. Loubet contributed much to the President's prestige, as she was a type of the simple life.

The funeral will take place on Tuesday and President Loubet will leave Paris tomorrow in order to attend.
